

State of California • Arnold Schwarzenegger, Governor
State and Consumer Services Agency

DEPARTMENT OF GENERAL SERVICES
Executive Office

June 30, 2005

Ms. Diane F. Boyer-Vine
Legislative Counsel
State Capitol, Room 3021, B-30
Sacramento, CA 95814

Dear Ms. Boyer-Vine:

Pursuant to the requirements of Education Code Section 17592.73, the Department of General Services (DGS) is submitting the *Report on the Progress of the School Facility Needs Assessments Required by the Williams Settlement*.

In keeping with our commitment to encourage conservation, we have posted this report to our website. The report is entitled *Report on the Progress of the School Facility Needs Assessments Required by the Williams Settlement*. The report can be viewed at <http://www.legi.dgs.ca.gov/Publications/2005LegislativeReports.htm>.

If you wish to receive a printed copy of this report, please contact Ms. Lisa Constancio, Operations Manager, Office of Public School Construction, Department of General Services, at (916) 322-0317.

Sincerely,

Ron Joseph
Director

Introduction

Chapter 899, Statutes of 2004, (Senate Bill (SB) 6 Alpert) was signed into law on September 29, 2004, and is one of five bills created as part of the settlement agreement in the case of Williams v. State of California. SB 6 established two programs: the School Facilities Needs Assessment Grant Program (SFNAGP) and the Emergency Repair Program (ERP). SB 6 provided \$25 million for Local Educational Agencies (LEA) to perform a one-time assessment of school facility needs at eligible school sites. An additional \$5 million was allocated for the Emergency Repair Program (ERP), which provides reimbursement to LEAs for the cost of emergency repairs at eligible school sites. There will be \$800 million available for emergency repairs over the lifetime of the ERP.

This report has been prepared by the Office of Public School Construction (OPSC), on behalf of the State Allocation Board (SAB), in compliance with Education Code (EC) Section 17592.73 to provide the Governor and Legislature with information on the progress made by LEAs in completing the assessment of all eligible schools. This report contains an explanation of the implementation process for the Program and responses from LEAs on progress thus far in completing their needs assessments.

About the State Allocation Board/Office of Public School Construction

State Allocation Board

The SAB is primarily responsible for determining the allocation of State resources (proceeds from General Obligation Board Issues and other designated State funds) used for the new construction and modernization of local public school facilities. The SAB is also charged with the responsibility for the administration of the School Facility Program, the State Relocatable Classroom Program, the Deferred Maintenance Program, and, with the passage of SB 6, the SFNAGP and ERP. The SAB is the policy level body for the programs administered by the OPSC.

The SAB is comprised of the Director of Finance (traditional chair), the Director of the Department of General Services, the Superintendent of Public Instruction, three members of the Senate, three members of the Assembly, and one appointee by the Governor.

Members

- Mr. Tom Campbell, Director, Department of Finance
- Mr. Ron Joseph, Director, Department of General Services
- Mr. Jack O'Connell, State Superintendent of Public Instruction, Department of Education
- Senator Bob Margett
- Senator Alan Lowenthal
- Senator Jack Scott
- Assembly Member Jackie Goldberg
- Assembly Member Lynn Daucher
- Assembly Member Joe Coto
- Ms. Rosario Girard, Governor Appointee

Office of Public School Construction

The OPSC, as staff to the SAB, implements and administers the SFNAGP and other programs of the SAB. The OPSC is charged with the responsibility of verifying that all applicant LEAs meet specific criteria based on the type of funding request. The OPSC also prepares recommendations for the SAB's review and approval.

It is also incumbent on the OPSC staff to prepare regulations, policies, and procedures, which carry out the mandates of the SAB, and to work with LEAs to assist them throughout the application process. The OPSC is also responsible for ensuring that funds are disbursed properly and in accordance with the decisions made by the SAB.

Staff

- Ms. Luisa M. Park, Executive Officer, State Allocation Board/Office of Public School Construction
- Ms. Mavonne Garrity, Assistant Executive Officer, State Allocation Board
- Ms. Lori Morgan, Deputy Executive Officer, Office of Public School Construction

Summary of the Program

The SFNAGP requires that LEAs complete a one-time, comprehensive assessment of the needs of the facilities used by the pupils and staff at eligible school sites. Eligible schools are those identified by the California Department of Education (CDE) as ranked in deciles 1 through 3, inclusive, of the 2003 Academic Performance Index (API) and were newly constructed prior to January 1, 2000. Funding to develop this assessment is provided for each eligible school in the amount of \$10 per pupil, based on the 2003 California Basic Educational Data System (CBEDS) enrollment report, with a minimum of \$7,500 per school.

LEAs must obtain the services of a qualified individual to perform the assessment. At minimum, the assessment must consist of the components set forth by the SAB, which are based on the requirements specified in EC Section 17592.70. The assessment is required to be completed and submitted to the OPSC by January 1, 2006. To assist both the OPSC and LEAs, an on-line submittal program has been developed to transmit eligibility and facility data information.

SAB and OPSC Process

The implementation of SB 6 for the OPSC began in early September 2004. The process included the presentation of working papers and proposed regulations to the SAB Implementation Committee. The SAB Implementation Committee is an informal advisory body established by the SAB to assist the Board and the OPSC with policy and legislation implementation (committee membership is comprised of organizations representing the school facilities community). The proposed policy was presented at four separate public committee meetings. With valuable input from the plaintiffs, committee members, architects, and other interested parties, a consensus was reached and a Program was established that meets the intent of the legislation. The results of the Program will be a valuable tool in understanding the facility needs of California schools.

On January 26, 2005, and February 23, 2005, the SAB adopted the proposed regulations and authorized the Executive Officer to file the regulations with the Office of Administrative Law (OAL) on an emergency basis.

Statewide Outreach

After the successful implementation process, the focus quickly changed to spreading the word throughout the State of the requirements of this Program.

The OPSC, in conjunction with CDE, conducted a series of Statewide workshops on the facility pieces of the Williams Settlement in Santa Clara, Sacramento, Los Angeles, Fresno, San Bernardino, San Diego, Costa Mesa, and Redding to inform both LEAs and potential inspectors about the new program. Attendees at the workshops received information about the eligibility requirements, funding availability, requirements of the assessment, and a demonstration of the on-line system developed to capture the information gathered in the assessment, in addition to information about other Williams programs. Participation and attendance at all locations was good and the overall message was well received by the attendees. Average attendance at the workshops was 51.

Part 2: School Facility Needs Assessment Grant Program Requirements and Funding

Eligibility and Application Process

Eligible schools are those identified by the CDE as ranked in deciles 1 through 3, inclusive, of the 2003 API that were newly constructed prior to January 1, 2000. The CDE published a list of 2,208 schools, including 75 charter schools, that met the API criteria. Charter schools were given the option to participate in the Williams programs and, in the end, only six charter schools chose to do so. The final list of schools meeting the API criteria dropped to 2,139 schools representing 388 LEAs. (Refer to Appendix 1 and 2 for the list of LEAs and charter schools).

The OPSC was unable to determine how many of the schools met the second criteria of being newly constructed prior to January 1, 2000, because a Statewide database does not exist that contains the original date of construction of each school. Therefore, on February 23, 2005, the SAB apportioned funds to all schools meeting the API criteria. Prior to release of funds, LEAs had to submit a worksheet to the OPSC to determine whether or not each of the decile 1 through 3 schools under their jurisdiction was newly constructed prior to January 1, 2000. Schools newly constructed on or after that date are ineligible and any funds apportioned for an ineligible school will not be released. This process allowed the OPSC to quickly release funds and be assured funds are being provided only to eligible schools.

This eligibility criteria applies to the ERP as well. As a result, the schools that are required to have a needs assessment will also be eligible for ERP funding. Due to the fact that an emergency situation may arise prior to or after the completion of the assessment, the repair does not need to have been identified on the assessment in order to qualify for ERP funding. Similarly, the assessment need not be completed prior to applying for ERP funding.

Assessment Requirements

SB 6 required that the needs assessment contain specific information. The data will be provided to the OPSC via the On-Line School Facilities Needs Assessment Submittal Program. Pursuant to statute, the assessment will contain the following information:

- Year of construction of each building used for instructional purposes;
- Year of modernization of each building used for instructional purposes;
- Pupil capacity of the school;
- Enrollment;
- Density of the school campus (pupils/acre);
- Total number of classrooms;
- Age and number of portable classrooms;
- Multi-track, year-round schedule;
- Type of facility used for pupil eating;
- Useful life remaining of all major building systems for each structure;
- Estimated costs for five years to maintain a healthy, safe, suitable, and functional learning environment; and
- List of necessary repairs – if an LEA has identified a health and safety project in this section, the repair may be eligible for reimbursement under the ERP.

The law required the SAB to develop regulations to administer the SFNAGP, including specifying the qualifications of the personnel performing the needs assessment and a method to ensure their independence. Of the six sections for the needs assessment, three may only be completed by an independent inspector that meets the qualifications outlined in the regulations adopted by the SAB. Only a qualified inspector may provide the following data:

- Useful life remaining of all major building systems for each structure;
- Estimated costs for five years to maintain a healthy, safe, suitable, and functional learning environment; and
- List of necessary repairs

Submittal Timelines

The needs assessment must be completed and submitted to the OPSC by January 1, 2006, using the on-line program. Any funds not used to perform the assessment may be expended to complete necessary repairs, as reported in the assessment, at the eligible schools sites. LEAs have until January 1, 2007, to expend any of the remaining funds on necessary repairs.

Summary of Apportionments

Funding to perform the assessment has been provided for each school identified by CDE as meeting the API criteria in the amount of \$10 per pupil, based on the 2003 CBEDS enrollment report, with a minimum of \$7,500 per school.

A total of \$22,829,500 was apportioned by the SAB from the \$25 million allocated for the SFNAGP. The remaining funds shall be transferred to the ERP Account pursuant to EC Section 41207.5. The following charts provide information on the distribution of funds:

ENROLLMENT	NUMBER OF SCHOOLS	ALLOCATION	GRADE LEVELS	NUMBER OF SCHOOLS	ALLOCATION
Less than 750	1,089	\$ 8,167,500	Elementary (K–6)	1,490	\$12,677,020
751 to 2,500	939	\$10,997,000	Middle (7–8)	348	\$ 4,305,230
2,500 or Greater	111	\$ 3,665,000	High (9–12)	301	\$ 5,847,250
TOTAL	2,139	\$22,829,500	TOTAL	2,139	\$22,829,500

As of May 9, 2005, 344 of 388 LEAs have submitted a certification of eligibility. The results of those submittals indicates that out of the total 2,139 school sites:

- 1,995 have been deemed eligible based on the date of construction;
- 88 have yet to be determined eligible; and
- 56 have been deemed ineligible because the date of construction of the school occurred on or after January 1, 2000.

The 56 school sites that have been deemed ineligible represents \$507,860 that will be rescinded at a later date.

This page left blank intentionally.

Part 3: Summary of the Progress Made in Completing Needs Assessments

In order to respond to the request in statute, an on-line progress report survey was developed by the OPSC. LEAs were to respond to four statements and complete one survey for all eligible schools by April 29, 2005. The information provided in the progress reports is the basis of the information contained herein. Due to the tight timelines, significant progress was not anticipated. Out of the 388 LEAs apportioned needs assessment funding, seven LEAs did not need to submit a progress survey. After completing the Certification of Eligibility, the LEAs did not have any eligible school sites remaining to provide a progress report. The following chart summarizes the responses received by LEAs:

STATEWIDE SUMMARY OF PROGRESS REPORT RESPONSES	TOTAL	PERCENT
LEAs that submitted a progress report survey	379	—
LEAs that did not complete a progress report survey	2	—
Total number of eligible schools*†	2,081	—
Number of completed assessments	0	0
Number of schools with a designated inspector	1,174	56
Number of schools where an assessment has initiated	455	22

* This number includes school sites that have not been deemed ineligible because the LEA has not submitted the Certification of Eligibility.

† Not inclusive of the school sites under the jurisdiction of LEAs that did not complete a progress report survey.

Appendix 1 provides detailed information listing the responses from each LEA. Appendix 3 provides a listing of the LEAs that did not submit a progress survey to the OPSC as required by statute and regulation.

This page left blank intentionally.

Appendix 1: Detailed Listing of Survey Responses

Survey Statements LEAs Completed

The LEA's responded to the following statements:

- The required assessments have been completed and submitted to the OPSC for the following number of schools.
- The LEA has designated individual(s) to perform the assessment(s) for the following number of schools.
- Of the schools reported in Statement 2, the designated individual(s) began conducting the assessment(s) for the following number of schools.
- Provide an estimated date for the submittal of the completed assessment(s) for all the school under your jurisdiction.

The following information is an alphabetical listing of the survey responses to the above statements by county.
